

# UTSA Housing and Residence Life

Hey Rowdy!

We're so excited to welcome you to campus this fall! As you start preparing for your big move, we wanted to share a helpful tip: packing less is best.

You'll be surprised by how much you don't need. Bringing fewer items makes move-in easier, keeps your room organized, and gives you space to grow throughout the year. Plus, if you find you need something later, there are plenty of stores nearby or delivery options available.

Here are a few tips to help you pack smart:

**Stick to the essentials** – bedding, toiletries, school supplies, and a few comfort items from home.

**Coordinate with your roommate** to avoid duplicates like microwaves or mini fridges.

**Leave non-essentials at home** – you can always bring more later if needed.

Remember: your on campus room is a place to live and grow, not to store everything you own. Travel light and settle in easier. You can view the what to bring list on our website or attached.

[UTSA Campus Store](#) also carries some dorm room essentials items just for your on campus experience. Be sure to check out their website or the bookstore when you're on campus to view these items

Attached is the what to bring list for your dorm. For shared spaces such as the bathroom, living room, and kitchenette make sure to coordinate with your roommate/s.

This is also your notification that you will have (bed size specified to student's floorplan).

There will be more information provided next Wednesday regarding your upcoming residency with UTSA Housing. We can't wait to see you on move-in day!

Best,

UTSA Housing and Residence Life
